

NATIONAL SALTWATER ANGLER REGISTRY

Many saltwater recreational anglers fishing in Puerto Rico are required to register before they fish. Registration is quick and easy, and you can register and fish the same day.

NATIONAL SALTWATER ANGLER REGISTRY

Why Register?

Registration is the law, and it is a tool to help NOAA and anglers work together to collect better data on angling catch that will help ensure the future of saltwater fishing.

Your \$15 fee helps cover the cost of running the Registry.
